

**AMONG FIRST TO SEE ROYAL CARIBBEAN INTERNATIONAL'S®
NEWEST, MOST INNOVATIVE SHIP - OASIS *of the* SEASSM**

just returned from a visit to Port Everglades in Fort Lauderdale, Fla. and was among the first to experience Royal Caribbean International's® highly anticipated and newest cruise ship, Oasis of the Seas.

"We were honored to share this important and historic moment with our valued travel agent partners," said Vicki L. Freed, senior vice president of Sales, Trade Support and Services for Royal Caribbean International. "Oasis of the Seas is our most innovative and imaginative ship yet, and the best way for agents to share the excitement of the ship's unprecedented range of onboard amenities, such as seven themed neighborhoods, 24 delicious dining options, two rock-climbing walls, a thrilling zip-line and spectacular AquaTheater performances, is if they experienced it all for themselves."

Some of the unique features onboard Oasis of the Seas include the Central ParkSM neighborhood, the first park at sea with more than 12,000 plants and trees; the BoardwalkSM neighborhood, a family oriented environment with a hand carved carousel and the AquaTheater, an amphitheater that serves as a pool by day and a dazzling oceanfront aquatic theater by night.; a thrilling zip wire ride that races diagonally 90 feet above BoardwalkSM; and new categories of onboard accommodations, including 28 bi-level loft suites with double-height, floor-to-ceiling windows offering incomparable views.

Oasis of the Seas is the largest and most revolutionary cruise ship in the world. An architectural marvel at sea, spanning 16 decks, encompassing 225,282 gross registered tons, carrying 5,400 guests at double occupancy, and featuring 2,700 staterooms. Oasis of the Seas is the first ship to tout the cruise line's new neighborhood concept of seven distinct themed areas, which includes Central Park, Boardwalk, the Royal Promenade, the Pool and Sports Zone, Vitality at Sea Spa and Fitness Center, Entertainment Place and Youth Zone.
