13 Day Itinerary Buenos Aires > Buenos Aires

Zodiac excursion, Antarctic Peninsula

Day 05-10 Antarctic Peninsula 🚣

Welcome to Antarctica! Seeing the 7th continent for the first time is unlike anything you would have experienced before. Feel the fresh, crisp air on your face and hear the snow crunch under your boot when you first step foot on land. Each new encounter will fill you with awe. Witness wildlife in their natural habitat, with no fear of humans. Antarctica is truly a land of peace. Your expert Captain and crew will navigate some of the most beautiful waterways which may include traversing the stunning 11-kilometre-long Lemaire Channel where steep cliffs hem in the iceberg-filled passage just a half mile wide at its narrowest point. There may be the chance to visit a working scientific base and discuss life in these harsh conditions with the staff. Enjoy the chance to visit areas alive with wildlife such as penguins, seals, and whales. You can also explore the remnants of a derelict whaling station and a vacant British base or climb to the rim of a volcanic crater. If conditions are favorable, there may be the opportunity to cross the Antarctic Circle at latitude 66°33' South.

Due to the extraordinary nature of the region, a host of choices are open and dependent on the ice and weather conditions. Your experienced Discovery Team Leaders, who have made countless journeys to Antarctica, will use their expertise to design your voyage from day to day, making the most of 18–20 hours of daylight.

Discovery: Partake in daily Scenic Discovery excursions. Cruise on the Zodiacs around ice formations, and step onto islands to view vast penguin rookeries and seals. Kayak and stand-up paddle board around icebergs and hear the ice cracking and whales feeding below.
